

# **Metro Tile™**

## ***Timeless Mediterranean Style with today's advanced materials***

Metro Tile™ is a unique state-of-the-art batten-less design that is changing the re-roofing industry. Each panel is press-formed with the graceful scalloped curves that simulate low-profile tile and create an exceptionally lightweight (1.5lbs/Sq ft.), strong and secure steel roof covering to suit any property.

The advanced coating technology and interlocking batten-less design of the Metro Tile™ panels eliminates costly wood battens allowing for faster install times.

Metro Tile™ delivers proven heavy-duty wind and weather performance. And our attractive color palette lets you choose just the right touch for a look that can transform your home – Metro Tile™.

*Smart Roofs for Smart People™*

## Metro Tile™

**Lightweight roofs delivering heavy-duty performance.**

Metro Tile™ is finished with an attractive stone coating embedded in a UV resistant acrylic polymer for a lasting bond to the 26-gauge \*Galvalume® steel covered with 100% acrylic over-glaze.

### Purchase with Confidence

All Metro products provide heavy-duty warranty performance, from 120-mph winds to hail impact and fire resistance. Take a look at today's steel roofing and select from a wide range of earth-tone colors to suit your home. For years we've been a leader in the design and production of quality stone coated steel roofing, producing a roofing product that is of high quality and affordable.
