

# ***Prestige***

*Panel Roof Systems*

***The designer's choice  
of either Ultra Modern  
or Old-World style to  
suit any architecture***

Prestige Roof Systems combine the heart of high performance metal substrates with today's most advanced coatings, for Long-Life, Energy Efficiency and Superior Performance.

The clean, graceful lines of every Prestige panel allow the feel of Old-World charm or the unique Ultra Modern look to meet every design challenge.

The attractive colors & finishes of Prestige panel roofs let you select the right touch for every design.

## ***Prestige Panels — Lightweight roofing with heavyweight performance.***

Each Prestige panel is formed into one of the many unique designs to suit any structure. They can be custom roll-formed on-site from either Copper, Aluminum, or Zinalume® Steel and coated with Kynar® or Energy Star rated finishes to meet the latest building codes. The result is a roof panel that provides one of the most durable, lightweight and beautiful roofing panels in the industry today.

Prestige Roofing Products offers a strong warranty, along with a wide range of (UL) wind uplift tests to suit every designer's climate. Prestige has created a roof panel system that can stand up to nature's toughest challenges!

- 35 Year Limited Warranty
- Lightweight (1 lb. per sq. ft.)
- Wind Warranty
